

Virgin Money, Manchester

Project

Virgin Money, Manchester

Product

Glazed Balustrade, finished in stainless steel

Overview

Nationwide Door Systems were commissioned to manufacture, supply and install glazed balustrades to various locations on one of the new flagship Virgin Money banks

Technical Information

Our installation team installed the 19mm thick toughened laminate glass balustrade into taper lock dry glaze system, and installed bespoke handrail to match existing glazing within the building. We also supplied and installed new glass shelving throughout the building.
